PART-TIME TEACHERS - RENEWABLE ENERGY

SCHOOL OF ENGINEERING & INFORMATION TECHNOLOGY

Part time instructors are required immediately to develop and teach courses in Renewable Energy. Teaching is two evenings per week. Applicants should possess an Electrical Engineering Degree, be a certified Electrician or possess equivalent technical training, and have practical and design experience with various aspects of Renewable Energy. Expertise is required in solar-photovoltaics, off-grid and grid-tie systems, the green energy act, government Incentive programs, solar thermal, wind turbines and sustainable living. Excellent organizational, interpersonal, communication and presentation/facilitation skills are required as well as the ability to relate to adult learners. Previous teaching and curriculum development experience would be an asset.

Qualified applicants should submit a cover letter and current resume quoting **Competition #10-020** to: Employment - Human Resources Department, Conestoga College Institute of Technology and Advanced Learning, 299 Doon Valley Drive, Kitchener, ON, N2G 4M4, or email to employment@conestogac.on.ca, **no later than March 4th, 2010**. We thank all applicants; however, only those selected for an interview will be contacted.
